

F04P1

◆ Opće informacije

Odmah po primitku pregledajte proizvod zbog oštećenja u transportu,

pakiranja/dijelovi koji nedostaju ili greška u proizvodnji. Šteta prijavljena kasnije ne može se prihvatiti. Pažljivo rukujte proizvodom izbjegavajući udarce i udarce na sve strane i rubove stakla.

Napomena: sigurnosno staklo se ne može prepravljati.

- Molimo pažljivo pročitajte ove upute prije početka instalacije.

-Prilikom bušenja zidova treba biti posebno oprezan kako biste izbjegli skrivene cijevi ili električne kablove.

-Napomena: ovaj proizvod je težak i potrebno ga je instalirati DVIJE osobe.

Upute za naknadnu njegu

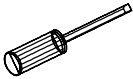

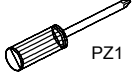

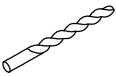

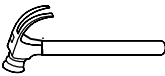

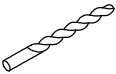

-Nakon upotrebe, tuš treba očistiti sapunom i vodom. Ovo je osobito važno u područjima s tvrdom vodom gdje se mogu taložiti i nakupljati netopljive soli kamenca.

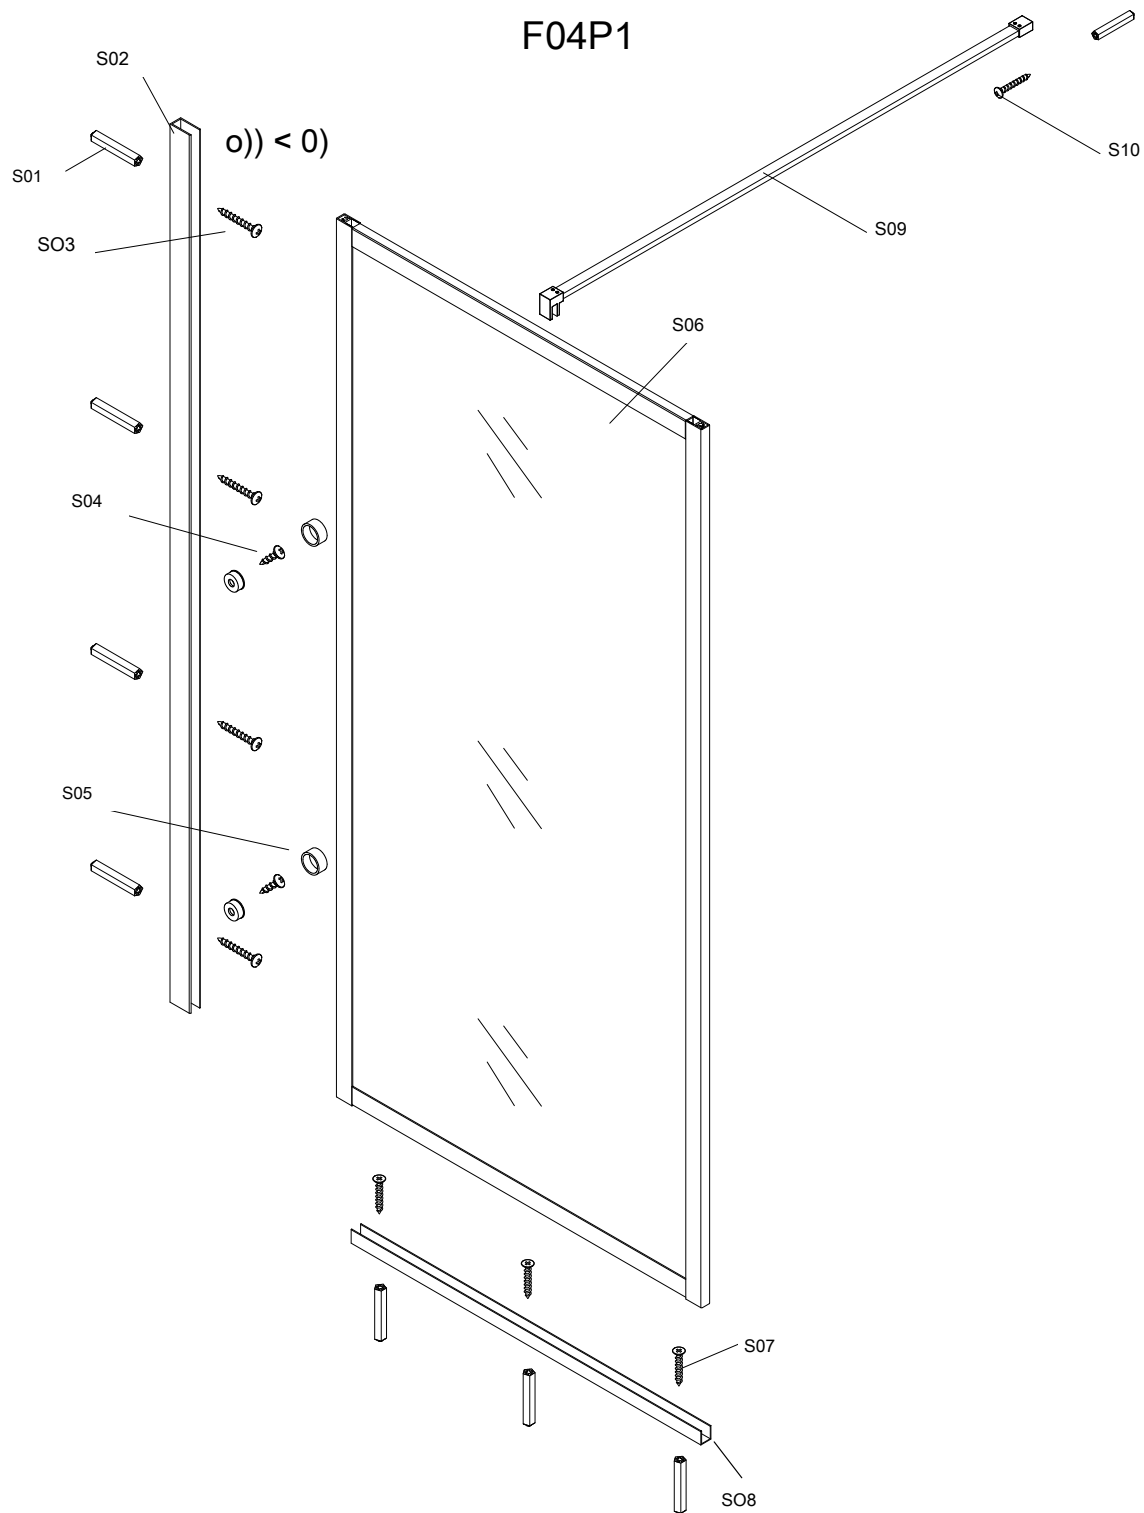

- Ne smiju se koristiti sredstva za čišćenje grube ili abrazivne prirode. Treba paziti da se izbjegne kontakt s jakim kemikalijama kao što su organska otapala i sredstva za skidanje.

-Mogu se koristiti sredstva za čišćenje stakla, ali uz oprez, ako ste u nedoumici, obratite se proizvođač dotičnog sredstva za čišćenje.

- Sačuvajte ove upute za naknadnu njegu i detalje korisničke službe.
